

2022 STREET MAINTENANCE PROJECT

SEAL COATING BEGINS MONDAY, JUNE 27

SCHEDULE

On Monday, June 27, crews will seal coat Broadway Street from 6th Street to 4th Street and White Pine Way west of Jonathan Carver Parkway (weather permitting). The seal coating will begin on Monday, June 27 and will finish by the end of day Tuesday, June 28 or sooner.

TRAFFIC IMPACTS DURING SEAL COATING

No Parking signs will be installed on these roads this weekend in preparation for work on Monday and Tuesday. There will be no parking allowed in these areas during working hours (7AM-7PM) Monday/Tuesday. When the seal coating is taking place, flaggers will be on site to direct traffic through the project area. Please note there will be some delay traveling through these areas as sealing occurs.

WHAT IS SEAL COATING?

Seal coating consists of applying a new coating (or seal) to pavement to provide protection against sun, water, oils, salt and other damaging elements. This helps extend the roadway life.

QUESTIONS?

If you have any questions or concerns, please call Michael Jabs at 612-269-9970.
